To All Customers

**Re: OS'BraceRAP Sales**

Due to a batch issue with OS'BraceRAP we have to suspend **ALL** sales.

At this stage it cannot be used as a Rigid Air Barrier, although it can be still used as a bracing element.

The batch in question has all been quarantined and accounted for.

Our Codemark certificate has been suspended until further notice.

We are working on a solution, but this may take a bit of time.

We are sorry for any inconvenience, but IBS will not put a product into the market that is not up to the building code regulations.

Please contact me if you need any further information.

Regards

Garry (SKIPPY) Bessant
